- 1.) Question: I am trying to acquire some information on the "GoCT Smart Cards". Is there any documentation you can send over to me as well as can you send me three cards to send to our engineering staff to evaluate in order to see what is needed for the configuration?**

Answer: The GoCT Smart Cards are something that ConnDOT "may" integrate into this system in the future. CTDOT will eventually be offering a new "smart card" type payment system, and mobile payment options are also being explored, however it is still being developed. The vendor should install and connect this device (or another Mifare capable device) for future use: [https://www.verifone.com/sites/default/files/2017-12/ux400-401\\_datasheet\\_ltr\\_021017.pdf](https://www.verifone.com/sites/default/files/2017-12/ux400-401_datasheet_ltr_021017.pdf)
